

SumTotal Benefits Administration

Complex Benefits Management Made Simple

Benefit offerings can give your company a competitive edge in recruiting and retaining talented employees. Yet such offerings are rapidly becoming as diverse and complex as today's workforce--and just as complicated to manage. SumTotal's Benefits Administration solution enables you to efficiently manage the complexities of single and multiple benefit programs. The solution maintains all information about employee eligibility, benefit offerings, and participation for an unlimited number of plans or combinations of plans. Best of all, our solution's common-sense approach is based on how administrators perform their day-to-day tasks, making it easy to master and convenient to use.

SumTotal Benefits Administration capabilities give you the flexibility to:

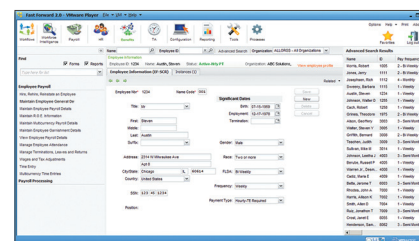

- Provide a richer, more interactive learning experience for all users
- Make benefits-related strategic and tactical decisions using our management tools for analysis
- Manage complex benefit plans
- Accomplish accurate, timely benefits enrollment and disbursement via our fully integrated solution
- Automatically communicate with employees at a personal level, both effectively and frequently, about benefit needs and changes

Key Features

SumTotal Benefits Administration solutions have been designed to accommodate the needs of enterprise-class distributed organizations, with centrally hosted scheduling that can be localized to meet the unique needs of each business and each business location. We provide a flexible solution designed to meet even the most complex benefit management needs. Key features of SumTotal Benefits Administration include:

- **Unlimited Choices:** Handle any combination of employees and plans, including the administration of traditional employer-defined benefits and pension programs. Our solution supports plans to fit every organization, from a simple choice of benefit options to a complex group of benefit plans for union and salaried employees. Big or small, whatever combination of plans you are administering, you can manage those plans—accurately and efficiently—with SumTotal.

EFFICIENT MANAGEMENT
